

NEW FEES 2020

Our increased fees for this year are set out in the table below. We have found it necessary to increase the fees for next year due to increases in running costs and so that we can maintain the high standards at the nursery. We have tried to keep the increase as low as possible. As usual we have used a sliding scale where the more time spent with us the less price per session i.e. 5 full day sessions = £45 per session but 1 full day session = £57.

These prices will take effect on 1st January 2020. We will be sending each of you a new amount to pay, calculated over the year or term with any government funding taken into account.

We have been working extremely hard this year on an extensive refurbishment programme. We hope you like the changes we have made!

We have included the price for 1 day but we do not encourage children to do only 1 session because from past experience we have found that children take a long time to settle and don't benefit as much as children doing two or more sessions. We have included it in case parents want to do mixed sessions.
